# Buy from Canada

CCC is the U.S. Department  
of War designated  
contracting authority for  
acquisitions from Canada

# DFARS 225.870-1

## Canada is part of the U.S. defense industrial base

CCC will award and administer contracts over the simplified acquisition threshold of USD \$350,000 for DoW contractors located in Canada

### Canada's G2G for DoW

As Canada's foreign military sales agency, we are funded by the Government of Canada to:

#### **Strengthen Canada-U.S. defence procurement cooperation**

Under the U.S.-Canada Defence Production Sharing Agreement (1956).

#### **Expand DoWs access to the North American supply base**

Enhance DoW access to products and services from Canadian industry.

#### **Reduce barriers to the contracting process**

Enable DoW buyers to purchase from Canadian sources.

Canada and the U.S. enter into government to government (G2G) agreements, similar to the foreign military sales program, to support U.S. and Canadian security interests, and strengthen the North American defense industrial base and supply chain resiliency.

### Advantages of Canada G2G

#### **Guarantee of contract performance**

When you buy from Canadian sources through CCC, the Government of Canada provides a guarantee of contract performance – so you can buy with confidence.

#### **Broaden your supply base, reduce supply chain risk**

By performing integrity, technical, managerial, and financial due diligence on your Canadian supplier, we broaden your supply base and reduce your supply chain risk.

#### **Contractual provisions give same data rights**

Contractual provisions ensure that the DoW receives the same rights for data and information related to production that would be normally obtained.

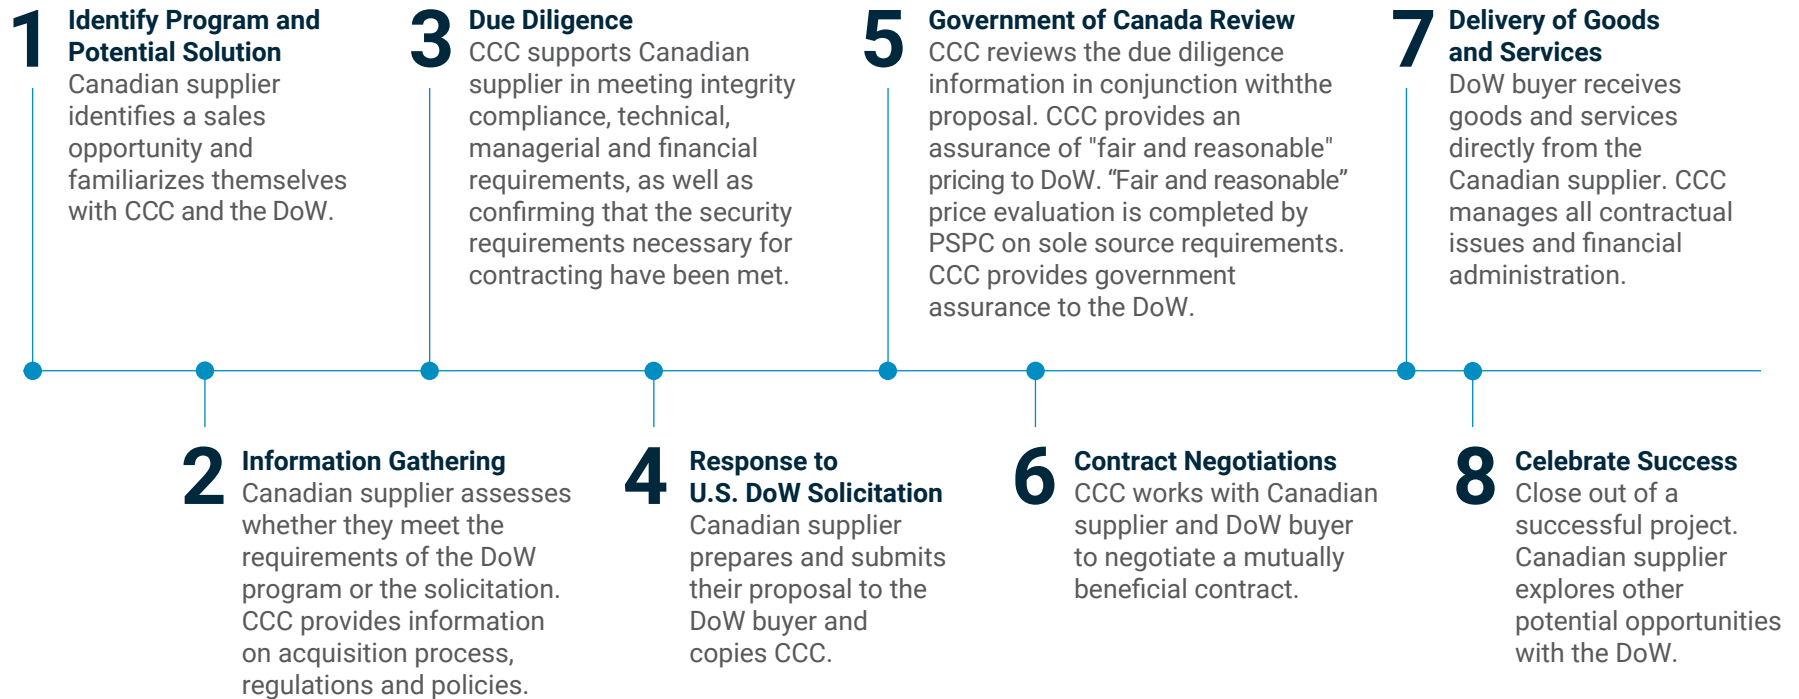

#### **Reduce contract administration effort**

CCC fulfills some Defense Contract Management Agency (DCMA) roles by providing price verification and performing assist audits. We also serve as the point of contact for DoW contracting officials and DCMA North America.

#### **Get assurance of value for money**

CCC conducts a cost and price analysis to ensure the Canadian supplier's price is fair and reasonable and in accordance with Government of Canada Cost and Profit Policy.

# Delivering Canada to the World

We are Canada's government to  
government contracting agency

Since 1956, the U.S. DoW has entrusted us to reliably deliver Canadian capabilities to meet the evolving needs of the U.S. military.

Acting as DoW's designated contracting authority for acquisitions from Canada, CCC is integrated into the DFARs and is here to reduce procurement risk for DoW buyers.
